Say Secretary's Chances Are Not Hurt.

Convention Date and Place Not Material.

Formal Call for Committee Meeting Issued.

WASHINGTON, Oct. 21.—[Exclusive Dispatch.] Arthur I. Vorys, national manager of the Taft campaign, accompanied by State Manager Williams of Ohio, held a lengthy conference with Secretary of the Interior Garfield today on the progress of the Taft campaign.

After the conference Vorys denied emphatically that the call for the meeting of the Republican National Committee, which was made today by Chairman Harry S. New and Secretary Elmer Dover, naming Washington as the place and December 6 and 7 as the dates of the meeting, was inimical to Secretary Taft's interests.

He said there was no truth in the report that the meeting of the committee before Secretary Taft's return from the Orient would hurt his chances for the nomination, because in his opinion it does not matter when or where the national convention is to be held next year.

FORMAL CALL ISSUED.

The formal call of the meeting of the Republican National Committee was issued today over the signatures of Acting Chairman New and Secretary Dover, as follows:

"The members of the Republican National Committee are hereby called to meet at the Shoreham Hotel in the city of Washington, at 11 o'clock a.m., Friday, December 6.

"This meeting is called for the purpose of fixing the time and place of holding the next Republican national convention and to transact such other business as may be properly presented, and the session will probably continue through Saturday, December 7."

FILIPINOS GIVE TAFT OVATION.

DEMONSTRATION OCCURS AT BANQUET IN MANILA.

Secretary is Cheered for Five Minutes When Introduced With Statement That "There is No Man Whom Filipinos Owe More Than to Future President of United States."

MANILA, Oct. 21.—There was a great demonstration here tonight in honor of Secretary Taft. The occasion was a banquet arranged by a committee composed of members of the general assembly. The Secretary was cheered for five minutes when he was introduced with the statement that "there is no man to whom the Filipinos owe more than to the future President of the United States." The Nationalists were especially demonstrative.

A silver loving cup of native make was presented to the Secretary, who, in expressing his thanks, said, he was gratified when he heard President Osmeña say the United States had kept its every promise made to the Filipinos in letter and in spirit. He urged the importance of education in order to overcome the tendency to blindly follow one man. It was necessary to give all an equal opportunity, so that the son of the humblest person might aspire to the highest position in the State. He was confident that the assembly would legislate to better existing conditions. He said it was important to choose the best men so delegates to the national convention would be able to legislate to better existing conditions. He said it was important to choose the best men so delegates to the national convention would be able to legislate to better existing conditions.

Secretary Taft said he was satisfied with the condition of the Philippines, and he solemnly warned those who may attempt a cleavage of the two peoples now coming together. In conclusion, the Secretary toasted the prosperity and long life of the islands.

MANY DELEGATES ON HAND TO SIFT TRUST PROBLEMS.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Oct. 21.—[Exclusive Dispatch.] Delegates to the conference on trusts and combinations, which will open at 10 o'clock a.m. tomorrow in Studebaker Hall, arrived in the city today by scores, and it is expected that the estimate of 500 representatives made by Ralph M. Easley, secretary of the National Civic Federation, last week, will prove too low.

It is expected that the first day will be devoted entirely to problems involved in the controversies between the State and Federal governments respecting the jurisdiction over interstate commerce now pending in several States.

The second day will be devoted to the consideration of corporations. In the discussion, answers will be forthcoming to the following questions:

"How should the corporation be constructed?"

"Should there be national as well as State corporations?"

"Should there be a distinction between the public service and other corporations?"

The third and fourth days will be devoted to a discussion of limits of restrictions and regulations in transportation, production, distribution and labor. This will involve the question of whether the Sherman anti-trust law should be amended, and, if so, how.

These questions will be discussed from every possible angle by probably the most representative gathering that ever assembled for such a conference.

## KAISER FEARS CANNOT SEE SECRETARY TAFT.

(BY DIRECT WIRE TO THE TIMES.)

BERLIN, Oct. 21.—[Exclusive Dispatch.] Secretary Taft had expected, in making up his world tour programme, to stop two days in Berlin, arriving here November 23.

Emperor William has expressed a desire to see Mr. Taft, but the Foreign Office says His Majesty will be unable to receive him November 23, as he will not return to Berlin from a series of engagements, including visits to England and Holland, before December 5. This fact has been made known to Mr. Taft, and it is hoped in the Foreign Office that he can delay his arrival here until the Emperor reaches the capital.

Ambassador Towner intends to give a reception at his house for Mr. Taft to meet the American residents of Berlin, and a dinner for Chancellor Von Brüning and the other Cabinet Ministers to meet Mr. Taft.

FIRST BATTLE BETWEEN RIVAL RULERS TAKES PLACE.

Pretender's Overwhelming Victory of International Significance—He Discourteously "Holds War" and Promises Protection to Foreigners. Drude's Troops Again Ambushed.

(BY THE ASSOCIATED PRESS—P.M.)

TANGIER, Oct. 21.—On October 20, between Shawia and Mequines, occurred the first battle between the forces of Sultan Abdul Aziz and Mulai Hafid, pretender to the throne, and known as the Sultan of the South. The latter was overwhelmingly victorious, and the triumph is of great importance, as it strengthens the sentiment in favor of Mulai Hafid.

According to reports just received from Mazagan, eight regiments of the pretender's troops, under command of Mulai Rachid, defeated the Sultan's troops and captured several pieces of modern field artillery, together with 200 Bushati Bagdadi, commander-in-chief of all Abdul Aziz's forces.

During the night of October 17 some of Mulai Hafid's men made a third raid on the comboutah at Mazagan, and seized 100,000 cartridges and on the following night they made a fourth raid on the same place and captured 200,000 more cartridges.

The first division of the imperial troops, consisting of 800 men, destined for Mogador, arrived at Tangier today. Communication with Mogador is interrupted.

Officials at Mazagan have received information that Mulai Hafid started on October 19 for Gharab, the district between Tangier and Fez.

Hafid has issued a notice to the effect that he guarantees the protection of all foreigners at Morocco City, inviting certain foreigners who have gone to Mazagan to return to Morocco City and resume their business here, and ordering his representatives to furnish them with everything necessary to enable them to make the return trip to the capital of the South.

Hafid is showing a strong hand in controlling certain Moorish sects which are demanding the proclamation of a holy war, to which he is unalterably opposed.

Some of Raulul's followers have deserted him and come to Tangier. The native report of the occurrence of a battle between the two forces, which was a retaliation for French interference in the steps taken to secure the release of Caid Sir Harry Maclean, intends to "kill Maclean by inches."

SULTAN GETS LOAN ON IMPERIAL JEWELS.

(BY THE ASSOCIATED PRESS—P.M.)

PARIS, Oct. 21.—The government has full information of the desperate financial plight of the Sultan, who has no sufficient funds to last a few days.

Temporary relief has been arranged through the conclusion of a loan of \$200,000 upon the imperial jewels, and this money will be sent to the Sultan at once by cable. Larger sums are, however, urgently needed by Abdul Aziz.

The government will remain true to the Algerian convention, although it is recognized that unless the legitimate Sultan is supported, his brother, Mulai Hafid, is likely to proclaim a holy war, which would mean the impossibility of a single European remaining in the interior of Morocco, and complete anarchy in the country for years to come.

France therefore considers that the interests of all the powers will be subserved by continuing to support the Sultan, who is the only power possible to Abdul Aziz, but she repudiates the suggestion that it is intended to profit by the Sultan's straits to reduce Morocco to the status of a French protectorate.

St. Petersburg Authorities Set at Liberty Americans Arrested Because of Their Association With Finnish Progressive Party as Act of Courtesy to United States.

(BY DIRECT WIRE TO THE TIMES.)

ST. PETERSBURG, Oct. 21.—[Exclusive Dispatch.] With the understanding that they would get out of Russia, forthwith, Mr. and Mrs. William Walling and Mrs. Walling's sister, Miss Rose Strunsky, the Americans arrested yesterday because of their association with members of the Finnish Progressive Party, were released today.

Americans here regard the action of the authorities in releasing the Wallings as an act of courtesy and good will toward the United States, and not the result of fear of international complications.

The authorities profess to be greatly alarmed at the activity of the Russian revolutionists and assert that Helmsingers is the center from which terrorist opinions are directed.

CAREER AS SOCIALIST BEGINS AT STANFORD.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Oct. 21.—As Anna Strunsky, authoress, settlement worker and member of the Artist Bohemian Club of San Francisco, Mrs. Walling, who was arrested with her husband and sister yesterday in St. Petersburg, was widely known in this city until she left to take up the work of the socialist propaganda in Europe.

Her activities here brought her father to the attention of the public. Rose Strunsky, the younger sister, also is a San Francisco girl, having received her education in the schools of this city, but was not so well known locally as was her sister, Anna.

Anna was born in Russia, where she was married to a Jewish partner, but her family came to San Francisco when she was a child and this city was her home until shortly before her marriage to Walling. She is 28 years old. She was graduated from the Lowell High School in 1906 and entered Stanford University, where she first came into notice because of her socialist principles.

It was while she was still at Stanford that Miss Strunsky began the active championship of socialist principles and her interest in this work continued while she was at the State university. She identified herself with the Artist Bohemian Society of San Francisco, and it was through this organization that she became a leader in this circle.

Her work brought her into contact with Jack London, who together with her collaborated in the Kempton-Wace letters, which were a protest against the Finnish conventions. The book was published anonymously, but it was sometimes before the secret of its authorship leaked out.

Anna Strunsky resumed her settlement work in San Francisco and became the leader of the Cardinal Club, a socialist society. She met J. G. Phelps Stokes and collaborated with him in several works pertaining to socialism, and finally determined to go to Europe.

Strunsky went to Geneva, Switzerland, returned after a short time to San Francisco. Here she met Walling for the first time. She returned to Geneva, where she became engaged to him some time later in St. Petersburg, and was married to him in Paris in August, 1906.

She and her husband have been actively upon the work of advancing the socialist propaganda in Europe and in the United States. They were in New York about a year ago, but did not come to San Francisco. On their return to Russia they were accompanied by Rose Strunsky, who was arrested with them yesterday.

GOVERNMENT TAKES PROMPT ACTION.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Oct. 21.—Secretary Root today called Mr. Schuyler, charge of the American embassy at St. Petersburg, regarding the case of William Walling, who was arrested with his family, and the American embassy was expected to act for the relief of the persons arrested.

The secretary's message was a short statement of the appeal upon which the American embassy was expected to act for the relief of the persons arrested. The telegram, dated Indianapolis, from William L. English, an uncle of Mr. Walling.

The telegram contained a brief summary of the facts concerning the arrest as sent out in the press dispatch.

GRAFT PROSECUTION.  
BRANDS JUROR  
AS PERJURER.  
Honey May Attempt to Prove  
Kahn a Falsifier.  
Eight Veniremen Sworn in to  
Try Ford.  
Ruef's Appearance Depends  
on Rebuttal Needed.  
[BY THE ASSOCIATED PRESS—P.M.]  
SAN FRANCISCO, Oct. 21.—When  
the task of completing a jury to try  
Tirey L. Ford, accused of bribery, is  
resumed tomorrow morning, Asst.  
Dist. Atty. Honey may attempt to  
prove by witnesses that Talesman  
Sydney Kahn is a perjurer.  
The special prosecutor so announced  
at the close of this afternoon's session  
of Judge Lawlor's court. If he suc-  
ceeds, Kahn will be the second pan-  
el-mans to be excluded on that grave  
charge.  
Kahn is a forger. He and Honey got  
into verbal trouble at the outset of  
his examination. Accused point-blank  
of having denounced his inquisitor as  
being insincere, Kahn admitted that  
was true.  
"But," he qualified, "that was three  
months ago, and I did not believe you  
sincere. I have since changed my mind."  
After both sides had accepted Kahn  
tentatively, Honey returned to the at-  
tack, demanding to know if Kahn  
would swear that he had not de-  
nounced Honey and the prosecution  
within the last month.  
"Yes," said the talesman, loudly. "I  
will swear it."  
"In the morning," said Honey, ad-  
dressing the court, "I may put wit-  
nesses on the stand to prove that this  
man is testifying falsely."  
PEREMPTORY CHALLENGES.  
The prosecution today exercised one  
peremptory challenge, the defense  
three. There remain to the former  
four challenges; to the latter seven.  
Three of the twelve veniremen ex-  
cepted probationally last week were  
accepted for cause when the case was  
resumed today. Seventeen other pan-  
el-men were examined, of whom sev-  
en withstood the qualification tests,  
and ten were dismissed for bias.  
The day closed with the box holding  
eight jurors finally accepted and sworn  
to try the case, three passed sub-  
ject to peremptory challenge and one—  
Kahn—held over in the balance.  
The all-important question, "Will  
the prosecution call Abe Ruef as a  
witness?" was projected into the fore-  
ground today by the examination of  
Talesman William MacNevin, a real  
estate man, who declared that he  
would not believe "one word Ruef  
might say, under oath or not."  
Honey nevertheless passed him,  
and Earl Rogers followed suit, cal-  
culating that if Honey should sub-  
sequently dismiss MacNevin peremp-  
torily it would be a hint that he  
meant to call Ruef, and that if he  
accepted him finally the inference  
could be logically drawn that he  
fallen and imprisoned political boss  
would not take the stand against  
Ford.  
JUST CAN'T BELIEVE HIM.  
But Honey upset all this by return-  
ing to MacNevin and asking sharp-  
ly: "If Ruef should take the wit-  
ness stand in this case, would you  
give any consideration to his testi-  
mony?"  
"No," said the panelman, "I would  
not. I have had dealings with him. I  
could not believe anything he said."  
Honey at once challenged the real  
estate man for cause.  
A. Mayer Cahoon, president of a large  
boot and shoe manufacturing house,  
said he had expressed the opinion  
that Ruef would not lie, at this time,  
Patrick Cahoon, who said his hands  
being full with the street-car strike.  
Cahoon said also that this sentiment  
what evidence the defense may put  
in reaching a verdict and that he would  
not believe the word of the ex-Super-  
visors under oath. Honey challenged  
and Cahoon was dismissed.  
George W. Hass, candy dealer,  
thought his already-formed opinion  
would make partial him. He was  
excused on challenge by the prosecu-  
tion.  
HE STAYED AWAY.  
June S. Freeman, saleswoman, formerly  
a retail clerk in Prescott, Ariz., was  
satisfactory to both sides and kept his  
seat, probably. He said he was  
elected a delegate to this year's Demo-  
cratic Municipal Convention, "but  
staid away."  
Charles A. Warren, contractor, said  
he was so firmly convinced that the  
Supervisors were bribed that "a shot-  
gun could not blow that belief out  
of him." He had not, however, made  
up his mind where the bribe money  
came from in the trolley franchise  
deal. Curiously enough, Henry chal-  
lenged Warren, and Rogers resisted  
the challenge. The juror was dis-  
missed.  
James R. Smith, dealer in musical  
instruments, was passed by both sides.  
His acceptance completed the tentative  
panel. The prosecution peremptorily  
excused Juror John R. Jenkel. The de-  
fense arbitrarily dismissed Martin P.  
Cossgriff.  
The people then announced their sat-  
isfaction with the panel, but the de-  
fense excluded Capt. Andrew E.  
Smith and James R. Smith and de-  
clared their content with the remain-  
ing eight. The following jurors were  
sworn to try the case:  
JURORS SWORN IN.  
Arthur Brown, architect; Frank L.  
Guntz, retired undertaker; Russell H.  
Judson, furniture dealer; William J.  
Conrad, dealer in paints and oils; Ed-  
ward T. Morton, employe of Wells Far-  
go & Co.; George W. Caswell, merchant;  
Harry E. Adams, insurance superin-  
tendent; and June S. Freeman, sales-  
woman.  
There remain to the prosecution four  
peremptory challenges, to the defense  
seven.  
William R. Chambers, tool man-  
ufacturer and William MacNevin, real  
estate dealer, were accepted proba-  
tionally, notwithstanding the latter  
said he would not believe any testi-  
mony given by Abe Ruef.  
The impression prevails that if Honey  
peremptorily challenges MacNevin, it  
will be an indication that he intends  
to call Ruef as a witness.  
Peter Neilman, coal dealer, Louis  
Jacobs, box maker, and John C. How-  
lett, contractor, were excused.

Garrick Theater Actress and Chicago Man Injured in Mix-Up With Unlighted Auto.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Oct. 21.—(Exclusive Dispatch.) An automobile party of three, consisting of Miss Tricie Friganza and Mr. and Mrs. T. P. Henderson, who reside at No. 1358 Sheridan road, came to grief in a collision with an unoccupied car that was standing in the road with no lights showing. As a result, Miss Friganza did not appear in her part at the Garrick Theater last evening, and her physician is doubtful whether she will be able to trip before the footlights for a week or two.

Henderson, who is secretary of the Chicago Union Line Works, is taking a couple of days off to nurse his bruises. His wife escaped. Miss Friganza is injured about the neck and is considerably cut and bruised.

### GRAND JUROR "LEAKS."

Sensation at Santa Fe Over Discovery That Member of Local Fraud Jury Has Been Talking.

(BY DIRECT WIRE TO THE TIMES.) SANTA FE (N. M.) Oct. 21.—(Exclusive Dispatch.) A sensation was sprung here today when it became known that a member of the special United States grand jury, which is investigating alleged wholesale coal and timber frauds, had been talking out. Although the guilty one is not known positively, one of the jurors is under suspicion.

Following the discovery, a special venire will be immediately issued as the result of letting out the secrets of the grand jury room.

A large force of government secret service men are keeping close watch on members of the jury to prevent their being approached.

The jury reported one indictment today.

It is understood to be in the form of a blanket indictment, and involves at least twenty persons, many of whom are prominent.

The grand jury will be in session the rest of the week, and a large batch of indictments are expected.

### WHOLESALE INDICTMENTS.

Every One Who Worked in Kansas City Theaters on Sunday May Be Held to Answer.

(BY THE ASSOCIATED PRESS—A.M.) KANSAS CITY, Oct. 21.—A list containing the names of several hundred persons who yesterday violated the law against working on Sunday is being prepared today for presentation tomorrow to the grand jury.

Indictments by the wholesale are expected. The list includes actors, actresses, theatrical managers, attachés, and storekeepers.

The theatrical managers are preparing to give bond for the members of their respective companies after they are arrested, and it is believed they will be by the middle of the week.

## THE CITY IN BRIEF

Cleaning House.

## NEWS AND BUSINESS.

## Would Shift License.

T. G. Graft of Acton wants to shift his retail liquor license to August Schutte. The Supervisors put the matter over one week for an investigation.

## New Pound District.

Property owners of South Hollywood have petitioned the Supervisors to establish a new pound district in that locality. The County Surveyor was instructed yesterday to check up on the proposed boundaries.

## Supervisor Still Ill.

Supervisor George Alexander is still confined to his home by illness. He has been unable to attend any sessions of the board for several weeks.

## Bartolo's Troubles.

F. A. Cota wants a saloon license for Bartolo, one and one-half miles south of the new school-house. He made formal application to the Supervisors yesterday, and notice of the application will be advertised for one week. A loud protest is expected. Supervisor Manning said yesterday that he is opposed to the granting of the license.

## Two Bridge Contracts.

The Mercereau Bridge and Construction Company was awarded two bridge contracts yesterday by the Supervisors, to be paid for out of the general county funds. One of these is for a pile trestle bridge on the "Telegraph Road," at Santa Fe Springs, and the other is in the Los Verdes district. They are to cost \$750 and \$355 respectively.

## Gets Last Year's Rates.

Los Angeles county will be fortunate in its orange-packing industry this season in obtaining the same rates for box making and packing as those of last year, although citrus fruit growers generally are complaining of increased prices. The contract was let yesterday to Ball & Tweedy for making boxes, cleaning and brushing oranges, at 20 cents a box. The county will have oranges for the Christmas market.

## No Must Give Reason.

Footmaster Flint stated yesterday that A. Ballif of No. 1260 East Second street must give a satisfactory reason for his absence of more than two weeks, before he can be reinstated as mail carrier. Mrs. Ballif admits her husband was out of town on business, but refuses to divulge further information. Ballif disappeared October 8 and the police were asked to locate the missing man. He returned Saturday.

## No Bond Bidders.

The lack of bidders for school bonds gave the Supervisors another surprise yesterday, when the time came for opening bids for the \$25,000 bond issue of the South Pasadena city school district. These bonds are to bear 4 1/2 per cent interest. Not one bidder appeared. This, following the lack of bidders a week ago for the \$2500 bond issue, bearing 5 per cent, of the San Gabriel school district, amazed the Supervisors. Both bond issues will be re-advertised.

## New School District.

The new school district of Hawthorne was formed yesterday by the Supervisors. The territory comprises two sections of land heretofore within the Los Angeles city school district and two sections which were a part of the Wiesburn district. The new district was asked for by the heads of fifteen families, who have twenty-five census children, and was recommended by the County Superintendent of Schools. It is expected that a school will be opened within two weeks in a private house.

## Oiled Roads Fight.

The Supervisors continue to receive assurances from the boards of other California counties that they will gladly join Los Angeles in its contest of suits started by the dustless roads companies to compel payment of tribute because oil is used on road building in this State. So far, it is claimed, the companies have been unable to obtain one judgment in their favor. It is the intention of local officials to secure united action by all counties of the State, so that every suit may be properly and promptly contested.

## Aachen Society Report.

The Aachen Society of California has issued its first annual report, and for the first year of its life shows a membership of about 300 men and women from all parts of the State, but largely from Southern California. The officers are: President, David Starr Jordan; vice-presidents, C. F. Holder Pasadena; Dr. F. W. D'Evelyn, San Francisco; secretary-treasurer, W. Scott Way, Glendale. The purpose of the society is the protection of wild birds and wild game of the forests. Junior societies have been organized in many of the public schools.

Apparently possessing the subtle financial sense that detects "good things" on the commercial bargain counter of the world, Miss Martha I. Manter, formerly assistant secretary of the Seattle Chamber of Commerce,

She recently returned from a trip abroad, where she made extensive inquiries on the shops of London and Paris, in order to play fairy godmother to a host of relatives in the West.

She confesses to a horror of notoriety, but her continued successes in speculation will soon make her the unwilling recipient of the rather trite title of "Miss Napoleon."

developed a taste for finance at an age when most girls think only of making heroes and boxes of bon-bons. While employed in the Chamber of Commerce, Miss Manter received "tips" on various commercial projects that resulted in vast returns. She invested in tide-lands near Seattle; the property became very valuable for rail road yards and terminals. She bought

And now, after a gay summer spent in England and on the continent, "Miss Napoleon" returns to her beloved breezy West.

"I enjoyed my last trip abroad very much, although an ocean voyage is no novelty to me. I delighted in the splendid music festival at Munich. They gave Wagner's operas there, in a special auditorium. The admission was 2 marks. The audience was composed entirely of music lovers. The hall was darkened and the audience gave it

full attention to the splendid rendition of the grand old Wagner music. We have nothing like it in this country.

Arriving in New York on the Lusitania, Miss Manter was much shocked at the immense hats in vogue in the metropolis.

"I cannot see why women will persist in wearing an article of dress that is absurdly unbecoming," she

"Actually, some of the New York girls had hats that would not permit the wearer to enter a street car. The Parisian hats were large enough, goodness knows, but the New York hats 'went them one better.' Imagine the

"Where?" gasped the officer.

"Here. Come with me. I'll point him out to you," was the reply.

Together the conductor and the officer rushed to the car. The conductor indicated a mild-looking, well-dressed man about 37 years old.

Up to the passenger walked the officer. Tapping him on the shoulder, the policeman told him to come with him. The youth's face lighted with a pleasant smile, as he thought he was about to witness some novel feature of police work, but the expression soon changed. The policeman took a firm

hold of his arm and led him off the car.

"What do you want?" asked the youth.

"Have you a gun?" queried the officer.

"Why, yes," replied young Harper.

"I'm a deputy sheriff."

For an instant the officer gazed at the badge displayed, and then he asked

him who he was. In reply the lad told him that he was the Mayor's son. That seemed to amuse the officer, who suggested that they go to Central Station for identification.

Once in the Police Station the officer learned that the lad was really the son of the Mayor. He apologized and then stammered, "But I thought that real deputy sheriffs' stars had

preliminary recitatives, but recovered  
his usual form in the beautiful "Di  
Provence il mar," and thenceforward  
sang well.

Mascetti was heard to advantage in  
the small role of the Doctor.

Jacchia deserves his modicum of  
praise for unusually good handling of  
the orchestra last night. In fact the en-  
tire production, in choral work, or-  
chestral translations, and general stag-  
ing, was far above the ordinary stand-  
ard.

"Trovatore" will be repeated tonight.  
The house was comfortably filled  
last night—but there are many other  
music lovers who should not miss this  
great "Traviata" production.

note or message was to be found. Then  
Harlow sought the nearest neighbor.  
He was informed that his wife had left  
the house about an hour before with  
the baby. She seemed excited, and  
walked rapidly west on Forty-ninth  
street.

At the Police Station Harlow ex-  
plained that his wife had been suffer-  
ing from the hallucination that no one  
cared for her and that she stood in  
the way of her husband's happiness.  
He said, too, that she frequently was  
subject to fits of despondency and at  
times believed her daughter would  
meet some terrible fate.

"There is no question but that my  
wife's mind is affected," said Harlow.  
"I have feared she would become in-  
sane for some time. Her hallucina-  
tions have been growing stronger of  
late."

It seems certain that Mrs. Harlow  
did not intend to go out of the city.  
She was dressed in a pink dress and  
wore no hat, but took two shawls.  
She took no money with her.

From a neighbor it was learned that  
only yesterday Mrs. Harlow declared  
that it would be better for herself and  
her child if they were both dead.

*A bit of news that will delight women in search of the highest dressmaking skill money can hire:*

We have re-opened the dressmaking department in our new Hill street extension with Miss Kinney in charge, and now have much better facilities than ever before for meeting the requirements of Fastidious Dressers.

**25% Discount**

Twenty-five per cent. discount on everything on the third floor except room-size Domestic Rugs, Embroidery Silks and Yarns—25 per cent. off our regular prices on all Toys and Dolls, all Upholstery goods and Bedding, all Oriental Rugs, all Cut Glass and all Art Goods except the lines mentioned above.

Such a startling offering as that calls for a reason.

It is done to hasten your acquaintance with the mammoth Toy Store opened yesterday in our new Hill street extension—and to hasten your Christmas gift-gathering.

This new department is incomplete so far as fixtures go, everything having to be shown on make-shift tables until the new store furniture can be installed.

But decidedly complete as regards STOCK.

The best that Germany, France, Austria and England had to offer was gathered by our Mr. Vincent on his last European trip—a seemingly endless variety of marvelously clever toys at all sorts of prices between twenty-five cents and a hundred dollars.

No trash in the collection.

No use attempting enumeration or descriptions.

You will want to see them while the assortment is at its best, even if you have no determination to save a quarter of the cost by buying now.

The Art Department, too, offers innumerable chances to save 25 per cent. on high-class gifts.

And where is there a housewife who doesn't actually need more Bedding, Rugs, Drapery Stuffs or Curtains?

This 25 per cent. discount means:

\$1 Articles at 75c \$5.00 Articles at \$3.75  
\$1.50 Articles at \$1.13 \$10.00 Articles at \$7.50

**Stylish Belts \$2.50**

Values \$4.50 to \$10 for . . . Seems almost too good to be true—this \$2.50 sale of belts for whose duplicates in value we've been getting all the way from \$4.50 to \$10. So, of course, you want to know the reason. It's this—the belts have been collected from half a dozen or more lines, in none of which are there enough to make a complete showing. Out they must go at a hurry-up price.

Almost endless variety; leather belts of finest French kid in pretty shades; finished with handsome buckles and clasps which are worth, separately, a great deal more than \$2.50; shirred silk girdles of plain and fancy materials—light, dainty Dresden silks, gun-metal effects and others too numerous to mention in detail. All have truly elegant clasps or buckles, and there is a good size range to begin with. On a big table in the Center Aisle

**Silk Rufflings** 20c Value for 10c **Double Faced Elderdowns** 35c Value for 25c

The dainty little Beau Brummel ruffles now so fashionable are hard to make; takes skill, too, to get them "just right." Here's the problem solved, and at a saving in price, too.

One-inch silk rufflings in brown, gray, green, dregs of wine and all the other shades you'll be likely to ask for; good for trimming jumper suits, edging veils, and especially for Beau Brummel waists; worth an especially selling for 20c, today, yard. . . 10c (Embroidery Section)

**You've Waited for These Black Silks Under Value**

Right now, when many stores are telling of scarcity of silk bargains, we put on sale twenty-one different numbers of black silks in desirable weaves at much less than we regularly obtain for their duplicates. These silks are taken direct from our regular stocks; they are not inferior qualities, seconds, job lots nor mill ends; and we stand back of every piece.

# SAID TO BE DOING WONDERS.

HUNDREDS OF LOS ANGELES  
FOLKS ARE TAKING SIMPLE  
HOME MIXTURE.

Local druggists say many here  
are taking Kidney cure—Makes  
the kidneys act and overcomes  
terrible cases of Rheumatism  
and Bladder trouble.

A well-known authority states that  
Backache and pains in the loins are  
only too often the danger signals  
which notify the patient that some-  
thing is wrong with the kidneys, and  
warns every one to be careful, par-  
ticularly at this period of the year  
when the skin pores are closed, forc-  
ing the kidneys to do double their  
work of filtering the impurities and  
poisons from the blood and system.

At the first sign of backache or pain  
in the region of the kidneys, or weak-  
ness and urinary trouble, the follow-  
ing simple home recipe should be  
used. Any one can easily prepare it:

Fluid Extract Dandelion, one-half  
ounce; Compound Kargon, one ounce;  
Compound Syrup Sarsaparilla, three  
ounces. Take a teaspoonful after each  
meal and at bedtime.

Any good prescription pharmacy  
will supply these three ingredients at  
small cost, which can easily be mixed  
by shaking well in a bottle. Few peo-  
ple seem to know the value of these  
common remedies in the treatment of  
the kidneys. This simple prescrip-  
tion, when taken as directed, will regu-  
late the urine, clear up and remove  
sediment, overcome back pains and  
cleanse the entire kidney structure,  
correcting bladder troubles in just a  
little while.

Now

#### PATTERSON MAY GO GUNNING.

#### COUNTY NEEDS MORE CADAVERS FOR MEDICAL STUDENTS.

President of Board of Supervisors Says They Will Have to Begin Killing, as Advent of New Medical College Creates Demand—Present System Objectionable.

"We'll have to begin killing soon, in order to get enough bodies for these medical students to back up," declared Supervisor Patterson yesterday. I tell you, gentlemen, this whole system is all wrong, and we have made a grave mistake in getting into it. I don't believe it's right to send those bodies of the poor unfortunate out to these medical colleges. Some of these days we'll get ourselves into a pretty pickle by sending off the wrong body, and the county will be up against it for a heavy damage suit by the relatives. This scramble for corpses is going to keep up until some trouble is sure to arise. Why, we'll have to stop having internates at the County Hospital pretty soon, in order to give the outsiders a chance to get hold of the cadavers."

This declaration was brought about through the notification by Dr. W. D. Babcock that he had withdrawn as dean of the College of Medicine, and that he no longer would be responsible for the proper handling of dead bodies furnished that institution by the County Hospital and the County Farm.

Dr. W. Jarvis Barlow, who succeeds Dr. Babcock, made application for the same privilege which had been accorded his predecessor, and Dr. J. A. Monk, dean of the California Eclectic College of Medicine, also asked that the institution which he represents be allowed its proper share of the cadavers in accordance with the number of students enrolled.

Both requests were finally granted, but both President Patterson and Supervisor Alexander, who are the committee in special charge of the County Hospital, have voiced their objection to the system which prevails, and hint that there are likely to be scandals as an outcome of the plan of sending out unclaimed human bodies to the various institutions which have applied for them.

#### SYSTEMATIC ROBBERY.

Plot Discovered in Market and Two Employees Arrested After an Alleged Trapping.

Disclosures of a plot to systematically rob the Mott Market at No. 129 South Main street led to the arrest of Otto Ross, aged 22, and H. E. Haas, 24 years old, on suspicion. It is alleged that they have carried away quantities of goods and disposed of them at their own profit. The charges were made by W. E. Wreden, who was in charge of the department in which they were employed.

The company's loss is estimated at \$1500. It is alleged that Haas, who was in the order department, sent out a variety of stuff in small packages which was not ordered. The packages were so marked that he could distinguish them. He would cache the goods and then sell them at low figures. A trap was laid for them, and it is said by the police, they were captured yesterday with the packages in their possession.

#### CONCEALED IT.

Phillip Contreras, 19 years old, who had a revolver in his possession, was arrested on a charge of carrying concealed weapons at Main and First streets last night. He claimed he found the revolver only five minutes before at Alameda and Ducommun streets.

(Continued From First Page.)

that Neece tried to incriminate one of Young's policemen by means of Polly Pry. Another story is that Polly Pry acted as a detective for Neece to trap a dishonest policeman and is being made to suffer for it by an unjust arrest.

All of which stories are chiefly interesting to show how many different accounts a young city that still enjoys its full health and strength can set going in a short space of time.

Although more communicative, the city administration still maintained a dark air and concealment yesterday.

"Husky" Young is a person with a thick red neck and a knowing cigar. The queerest thing about him is that he appears to take himself seriously. He speaks a strange foreign language, of which the main words and idioms are "chewin' it" tag. He also makes his vocabulary more finished by means of gestures with his face.

"Me? I ain't chewin' it tag any," he said very sagely, when the case was mentioned yesterday. "Well, I dunno when it's comin' up. Well, I ain't chewin' it tag about it. I dunno nuthin' about it case. Anyhow, I ain't chewin' it tag about it. Well, yes, I was the arrestin' officer. Me? (swelling up) Sure I'm the City Marshal and Chief of Police. Well, I might know about it, but I ain't chewin' it tag about it."

"Say, an officer don't have to chew it tag about a case if he don't want to, does he?" he asked querulously.

"SURE, IT'LL BE TRIED."

When "Husky" was told that the good faith of his prosecution of the case was questioned by many of the citizens of Long Beach, he looked vague and unhappy.

"Aw, well, it will be tried all right," he said. "Sure, it will be tried all right. No, I dunno when."

After which he looked even darker. The city Recorder, who had at first

(Continued From First Page.)

refused to give any information about the case, unbet very much yesterday. He was disposed to pass it off in a careless, free, jovial manner.

"Oh, it will come to trial in due time. The women haven't their attorney yet, I believe. Quite an erroneous idea that it was to be tried today as the papers stated; oh, quite erroneous, I assure you."

"I was awakened in the middle of the night and came down town and attended to the arraignment of the Harrington woman."

"Oh, I assure you that it is a genuine case. No political buncombe about it. No, sir. Very serious case. It has just begun. No one can tell how far it will reach before it's over. Yes, sir; a far-reaching conspiracy. I understand this was not the only case."

The Recorder laughed a deprecating little laugh. "Of course," he said, "we can't charge them with conspiracy, owing to the mistake of the police. They came in too soon. If they had waited ten minutes longer, we would have had a great case. They rushed in too soon—before anything had happened. A conspiracy charge still remains, however."

GLAD IF SHE WOULD LEAVE.

Mr. Slater, one of the young business men who helped lay the trap, was unimpressed by silence, but talked very courteously.

"Frankly, I don't know whether the case is going to be pressed or not, and I don't care," he said. "We would be perfectly satisfied if the woman would leave town. She told me she was the Polly Pry who used to write in Denver. When I found that out, I was willing to do anything in my power to rid our city of such a character."

"I was told that she had me on her list. I really know nothing about the case or what is going to be done with it."

There are three other men in Long Beach who know everything about this case will never be tried.

"Don't you believe it," said one of them. "This thing has struck deeper than the police had any idea. It hits

### POLLY IS HOT POTATO.

(Continued From First Page.)

too many people. They simply couldn't try it. Too many toes to be trodden on. You can depend upon what I tell you; you never will see that case in court."

Although this conspiracy-extortion charge is one that properly comes to the District Attorney, he was not consulted and did not draw up the complaint.

It is stated at the Courthouse that the matter certainly will be brought before the grand jury if the Long Beach officials show signs of refusing to prosecute the case.

#### SUDDEN DEATH.

Unexpected Summons Comes to Wife of Pastor of Advent Christian Church, East Los Angeles.

Mrs. Martha Owen, wife of Elder O. M. Owen of the Advent Christian Church, East Los Angeles, died suddenly yesterday morning, as the result of a ruptured blood vessel.

The deceased has been in delicate health, but on the evening preceding her death she had been feeling particularly well, and her death, therefore, came as a great surprise to her friends. She came to Los Angeles from Elgin, Ill., with her husband three years ago, and at the time of her death was 58 years of age. Besides her husband, she leaves a son, B. A. Owen, of this city.

The funeral will be held at 2 o'clock on Wednesday afternoon at the Advent Christian Church, North Avenue 22.

#### REWARD IN SIGHT.

Through the efforts of the Los Angeles police, Miss Ida Decrow of San Bernardino was located last night in Winslow, Ariz., where she is employed in the Harvey Hotel. She left her home in San Bernardino on Friday without telling of her plans. A reward of \$50 was offered for information as to her whereabouts. It probably will be claimed by the local officer who located her.
